

February 2020

Because you give....

We want to thank you and your church for investing in Northwest Collegiate Ministries through Interstate Baptist Association. This past week we had a student come to Christ enabled through your faithful partnership with NCM. Christina Windom, the associate campus minister at PCC Sylvania, has been discipling college girls on campus for the last year. She began meeting with and discipling McKena, a Christian student. Christina explained the importance of evangelism in discipleship, encouraging McKena to share the burden for the lack of evangelism on campus and how every Christian needs to be equipped to share the Gospel so more may come to know Christ.

Over the last few months, Christina has met with McKena weekly and gone over “The Bridge Illustration,” a Gospel tool that uses Romans 6:23 to show that faith in Christ is the only way to have a relationship with God. After learning the tool, McKena had her first gospel appointment with Christina and Natalie, another student on campus. After completing the bridge, McKena asked Natalie where she stood in relationship with God. Natalie said that she had not accepted Christ but wanted to take the necessary steps to accept Him as her Lord and Savior. Right there, in the middle of campus, Natalie started a conversation of repentance and salvation with her Heavenly Father. Now McKena, Christina, and Natalie meet weekly so Natalie can be discipled to learn how to live out her new found relationship with God.

We are able to have collegiate missionaries engaging the college and university campuses because of your financial support of Interstate Baptist Association. Because of your faithful partnership, Christina (and others like her) are able to be on campus to disciple students like McKena to share Christ with students like Natalie who are waiting to accept. We are so very thankful for your contribution and celebration in what God is doing on college campuses in IBA and the Pacific Northwest.

Blessings,

Your Association Staff
